Address: P. O Box Hanesar Tehsil Kahuta Distt Rwp, Pakistan (Home)

ABOUT ME

- A highly motivated and detail-oriented individual with strong analytical and interpersonal abilities, dedicated to applying my expertise in computer science.
- Passionate about continuous learning and innovation, I thrive in dynamic environments that challenge me to grow and contribute meaningfully.
- I am eager to tackle complex problems and drive impactful solutions, committed to making a valuable contribution to cutting-edge projects and advancing the field of technology.

AREAS OF INTEREST

Artificial Intelligence & Machine Learning

Internet of Things (IoT)

Natural Language Processing (NLP)

Cloud Computing and Distributed Systems

EDUCATION AND TRAINING

18 FEB 2018 – 1 MAR 2022 kahuta

BACHELOR OF SCIENCE IN COMPUTER SCIENCE (BSCS) | 3.11/4.0 Dr A.Q Khan Institute of Computer Sciences and Information Technology kahuta

Website [Kicsit.edu.pk](https://kicsit.edu.pk)

15 AUG 2015 – 10 APR 2017 Kahuta, Pakistan

INTERMEDIATE IN COMPUTER SCIENCE (ICS) | 592/1100 Iram Model School and College Kahuta

17 MAR 2013 – 15 MAY 2015 Kahuta, Pakistan

MATRIC (SSC) | 758/1050 Educare Foundation Secondary School Kahuta

WORK EXPERIENCE

MANAGER (IT) – ASSOCIATED CONSULTANCY CENTRE (ACC) PVT. LTD. – 17 Dec 2024 – Current

- Managed IT operations, network infrastructure, system reliability, data security, and day-to-day technology services.
- Led IT staff and managed technical support, task delegation, resource planning, and workflows to improve operational efficiency.
- Oversaw system maintenance, troubleshooting, user support, and resolution of hardware, software, and network issues while coordinating IT requirements with management.

MOBILE APPLICATION DEVELOPER – SOLUTION OF TECHNOLOGIES – 5 Nov 2023 – 1 Dec 2024 – ISLAMABAD, PAKISTAN

- Collaborate with development teams to maintain, troubleshoot, and optimize Android applications for performance and reliability.
- Participate in code reviews and implement new features while following clean coding and development best practices.
- Work closely with senior developers to resolve technical issues and enhance application functionality and user experience.

- Completed a 3-month Android development internship, gaining hands-on experience in Java programming and building a strong foundation in the Android framework.
- Developed practical skills and knowledge essential for Android app development through active participation in real-world projects.

COMPUTER SCIENCE TEACHER – AZEEM PUBLIC SCHOOL SYSTEM KAHUTA – 1 Apr 2022 – 23 Jul 2023 – KAHUTA, PAKISTAN

- Taught core Computer Science concepts with a focus on logical thinking, problem-solving, and hands-on learning.
- Fostered a collaborative and supportive classroom environment to enhance student engagement.
- Guided students in developing practical skills through projects, and real-world applications using effective teaching methodologies.

● **LANGUAGE SKILLS**

Mother tongue(s): **URDU**

Other language(s): **ENGLISH**

● **SKILLS**

Programming & development

CSS | C++ | Java | Bootstrap | Kotlin | Web development | Php | Android development | HTML | Tailwind Css

Cloud & Backend

Google Cloud Platform (GCP) | REST APIs, | Firebase | Agora.io | SQL | Jitsi Sdk | Manual testing | JSON

Testing & QA

API Testing(Postman) | Appium

Tools

Git | JIRA | Figma | Word, Excel, PowerPoint

● **SOCIAL AND POLITICAL ACTIVITIES**

25 MAY 2020 – 1 MAR 2022 Kahuta

Blood donation Society(Member)

- Actively contributed as a member of the Blood Donation Society.
- participating in organizing donation drives and promoting community awareness for a noble cause.

● **CONFERENCES AND SEMINARS**

6 MAR 2021 – 7 MAR 2021 Islamabad

AI Summit 2021-Elevating Excellence

- Attended seminar, organized by HEC in Islamabad, unraveled the future of AI.
- Exploring its cutting-edge advancements and profound societal impact, offering a compelling vision of excellence in the ever-evolving landscape of artificial intelligence.

7 DEC 2022 – 8 DEC 2022 Islamabad

International Conference on Cyber Warfare and Security

- Attended conference on International Conference on Cyber Warfare and Security organized by National Centre for Cyber Security in Islamabad.
- focusing on cutting-edge strategies for data protection and safeguarding sensitive information.

● **RECOMMENDATIONS**

Dr. Altaf Hussain

Head of Department , Department of Computer Science , KICSIT

Email altaf.huusain@kicsit.edu.pk | Phone (+92) 3009021208

Dr. Nasir Mahmood Shah

Professor , Head of Academics, KICSIT

Email Dr.shah@kicsit.edu.pk | Phone (+92) 3215100051

Mr. Kashif Munir

Assistant Professor , Department of Computer Science , KICSIT

Email kashif.munir@ist.edu.pk | Phone (+92) 3005111091

● PROJECTS

Chatting and conferencing App

- Developed a real-time communication platform using Java and Kotlin with one-to-one/group messaging, multimedia/file sharing, location sharing, voice messages, and real-time notifications.
- Implemented user profiles, status updates, audio/video calling, online presence, and chat activity indicators.
- Integrated Jitsi Meet sdk for conferencing with meeting creation, hosting/joining, participant controls, meeting chat, screen sharing and unlimited-duration meetings.
- Supported conferencing across Android and PC web browsers, providing a seamless and scalable communication experience.

GPS Map Camera

- GPS map camera app developed in kotlin possess features image capture with stamped GPS data (longitude, latitude, altitude, GMT time, address), dual camera support, flash, customizable location templates, file renaming, image viewing, and auto-flash in low light.
- Beautiful and user-friendly interface.

AI Career Suite

- AI Career Suite built the front end with React, TypeScript, Tailwind CSS, and Recharts, including a dashboard, resume workspace, job search, auto-apply, email outreach, and analytics pages.
- Developed AI features that score resumes (ATS, keywords, impact), match jobs to a user's skills, and generate cover letters, with outputs validated using Zod.
- Built the Supabase backend with authentication, edge functions, and row-level security, plus automatic job applications and email sending through Resend.

Nexus-Ecommerce store

- Developed a production-ready e-commerce platform using React, TypeScript, Tailwind CSS, and Supabase with advanced product discovery, search, filtering, quick-view, wishlist, cart, and multi-step checkout.
- Implemented Google OAuth/email authentication, persistent user profiles and order tracking, AI-powered shopping assistant, responsive dark/light theming, animations, flash sales, deals, and personalized product sections.
- Built a secure role-based admin dashboard with product/category CRUD, order management, analytics, PostgreSQL integration, Row-Level Security, server-side validation, and real-time data management.

Safarnama — Travel & Trip Planning Platform

- Developed a responsive travel platform using React, TypeScript, Vite, Tailwind CSS, and shadcn/ui, featuring destination discovery, curated tours, trip planning, travel blogs, interactive maps, testimonials, galleries, and booking.
- Implemented React Router, React Leaflet, TanStack React Query, React Hook Form, and Zod for dynamic pages, destination filtering, interactive map pins, itinerary planning, data management, and validated booking workflows.
- Built an engaging UX with Framer Motion, dark/light mode, typewriter hero, scroll animations, auto-scrolling carousels, page transitions, responsive layouts, and reusable components.

Music Player

- This Kotlin-based music player is designed for a seamless audio experience.
- It showcases all device audio files, enabling users to easily play, next, previous and manage tracks. With options like shuffle, repeat, and mark as favorites, users can personalize their listening.
- The app's sleek interface features a precise seekbar and a convenient 10-second skip function, while also allowing users to create and manage playlists effortlessly

My Gallery

- Explore user-friendly Kotlin MyGallery App, offering seamless image browsing, organized folders, and a sleek ViewPager for easy navigation.
- Effortlessly share, manage, and set images as wallpapers to personalize your device. Plus, enjoy video playback for a complete media experience.

● HONOURS AND AWARDS

10 JAN 2022

Software Project management(K-Tech) – Kicsit

- Secured first position at K-Tech competition in Software Project Management.
- Recognized for outstanding project execution and leadership skills.

10 JAN 2022

Android Development (K-Tech) – Kicsit

- Achieved first position in Android Development at K-Tech competition,organized by University.
- Demonstrated innovative problem-solving and coding skills through successful project execution.
